As a software engineer, I have a strong drive to create innovative solutions and achieve results. I am looking for a SDE role where I can use my excellent programming skills, teamwork attitude, and solid knowledge of software development to support a dynamic team, deliver successful projects, and advance my professional skills in a demanding environment.

## EXPERIENCE

Nov' 2021 - Sep' 2023

Software Engineer • Flipkart • Bangalore, Karnataka

- As part of the plus trial membership feature launch, I automated the task of giving plus membership to users in bulk using a python script.
- Implemented APIs, handled edge cases for already existing APIs, added new test cases in some of the services, and fixed bugs.
- Log4j and CVE10 vulnerability detection and removal from all our services.
- Creating qps metrics dashboards for the services in javascript with the help of Grafana framework.

June' 2019 - July'2020

CPU Performance Verification Intern • Intel • Bangalore, Karnataka

- Performance correlation of latest (12th gen) Intel x86 CPU against Micro-Architectural simulator (C++) using Standard CPU benchmarks.
- Python3 based Infrastructure development for IPC Performance correlation.

## SKILLS

- Programming / Scripting: C, Python, Java.
- Tools: Jenkins, Rundeck, Sequel Pro, MongoDB Compass, Postman, Grafana.
- Hands On: HBase, Spark, Kafka, Kubernetes, Spring Boot.
- Problem-solving and analytical thinking.
- Effective communication and teamwork skills

## EDUCATION

Computer Science Engineering • UB DTCE • Davangere, Karnataka

Completed a Bachelor of Engineering in Computer Science with overall percentage of 61.1% in 2018.

## ACHIEVEMENTS

Recognition from Intel CPU Performance Architect:

- Significant effort shown in Performance Validation.

Recognition for Plus Trial Membership Launch.

Appreciation from professors for completing Student Assessment App.

## TECHNICAL INTERESTS:

Mobile App Development | Artificial Intelligence | Machine Learning

## HOBBIES

My hobbies include Cooking, Reading, and listening to Indian Classical Music.
