SUMMARY

My name is Visotskiy Vladislav Aleksandrovich, I am 19 years old, (08/20/2004) a citizen of Uzbekistan graduated from high school in 2022, after which I passed the Unified National Testing exam (UNT-a graduate knowledge assessment system used in Kazakhstan) and entered the Kazakh university of technology and business, but unfortunately due to financial problems I was unable to study and remained in Uzbekistan. Then I started working in the field of online support, after which in April 2023 I joined the army. At the moment, having returned from the army, I am looking for a company with which I can grow up the career ladder.

EXPERIENCE

April 2022 – August 2022

Customer Support Specialist at Mos.ru | Uzbekistan, Tashkent

- I dealt with the problems of website users and also answered all the questions they had about the website. The official website of the Moscow mayor, mos.ru, provides a wide range of services (from putting children on the waiting list for kindergarten, which is normal practice for Russia), to solving problems with metro travel cards and providing full assistance to legal entities.

- Resolved customer queries over phone and by email.

August 2022 – March 2023

Customer Sales Assistant at Eldorado.ru | Uzbekistan, Tashkent

- After working in a call center on the mos.ru website, I decided to move into sales. I worked remotely with a Russian electronics sales company, we worked through the CRM system until I left for the army.

- Exceeded monthly sales targets.

EDUCATION

Public school of Uzbekistan in Tashkent | Year of graduation – 2022
Qualification - General education | High School Diploma

I studied at a public school in the city of Tashkent and graduated from high school (11 years) without a specialty (in our country, to obtain a specialty, you need to go to specialized institutions after the 9th grade). In addition to school, I attended courses in general education subjects.
